**UPCOMING EVENTS**

**August 3 | Teaching in Action, Simmons University, [link]**

Are you interested in learning new teaching techniques based on learning science? Are you looking for advice on professional growth, the academic job search, and transitioning to a teaching career? This interactive program is designed for early career faculty, postdocs, and graduate students. The first part of this program will consist of four teaching technique demonstrations by Simmons faculty, followed by a faculty panel discussion providing advice on transitioning to a teaching career and advice for new faculty.

Harvard | Financial Assistance for Child Care

Harvard offers child care scholarships, based on need, to eligible faculty, staff and postdocs that help defray the cost of child care. Scholarship awards vary from family to family and year to year, and payments are made on a reimbursement basis. Applications are accepted once per year and current recipients need to re-apply each year.

HMPA | Postdoc Buddies Program

Join the HMPA Postdoc Buddies program!

Postdocs who sign up for the program will be paired via e-mail with another postdoc who has expressed similar interests, including stage of career, field of study, and physical location. You can sign up to be paired with a peer who has started their postdoc at a similar time, to be mentored by a more experienced postdoc, or to be a mentor.

Interested in making connections with other postdocs at HMS?

Join the HMPA Postdoc Buddies Program!

Postdocs who sign up for the program will be paired by e-mail with another postdoc who has expressed similar interests via an online survey.
