

## Professional Development | HMPA Job Interview Workshop: Writing Research and Teaching Statements (Nov. 25)

### Academic Job Interview Workshop: writing research and teaching statements

Tuesday, November 27  
4:00-6:00 pm

Cannon Room, Building C  
240 Longwood Ave, HMS

Register on EventBrite:

<https://hmpa-11-27-18-research-teaching-statement-workshop.eventbrite.com>

Are you interested in getting a faculty position? Do you want to learn more about how to successfully write research and teaching statements for academic positions? Please join the Harvard Medical Postdoc Association for a great afternoon and find out about the nuts and bolts of academic research and teaching statements with successful Professors from Harvard School of Public Health, Boston College and Brandeis University.

We thank our panelists:

- Dr. William Mair: Associate Professor, Department of Genetics and Complex Diseases, Harvard School of Public Health
- Dr. Michelle Meyer: Associate Professor, Department of Biology, Boston College
- Dr. Stephen D. Van Hooser: Associate Professor, Department of Biology, Brandeis University

We also thank your participation! We welcome your suggestions and criticisms to make our future events better!

### SAVE THE DATE

Professional Development | HMPA Academic Job Search Seminar: Why, when and how? (Dec. 13)

### Academic Job Search Seminar: why, when and how

Thursday, December 13  
3:30-5:00 pm

Cannon Room, Building C  
240 Longwood Ave, HMS

Register on EventBrite:

Curious about transitioning from Academia to Industry and are interested in Venture Capital?  
Want to know more about scientific ventures and Flagship's HBS case study: Institutionalized Entrepreneurship?

Please join us with our guest speaker:

**Jacob Rubens, PhD**  
Senior Associate

FLAGSHIP PIONEERING

**Monday, December 10th @ 4:30pm in  
Tosteson Medical Education Center (TMEC) 227**

Refreshments will be provided

**SAVE THE DATE** | HBC 101 series  
Time: Monday, December 10, 4:30PM  
Location: TMEC227, HMS

**Activate is a collaborative mentorship program that facilitates the creation of Harvard-based life sciences companies.**

If you have a technology that you want to commercialize, Activate will connect you with the expertise, resources, and structure you need to build your life science company from the ground up.

Based on your startup's needs, each scientific group will pair up with a **Harvard Business School MBA student** and receive hands-on coaching from **2-3 MassBio mentors**, as well as feedback from industry experts in IP, operations, business strategy, and life science investing.

# 4th Annual International Remote Conference

## Science & Society

February 9-10, 2019

FREE

Online Registration:

[www.beyondsciences.org/conference2019](http://www.beyondsciences.org/conference2019)

### Conference Topics

- Global Health/ Infectious Diseases
- Cancer
- Chronic Diseases
- Biotechnology
- Bioinformatics
- Hot Docs: 5-15 min video highlight of social and cultural context of your research/outreach activities

### Last year...

- Participants from **53** countries
- >15,000 views of presentations

**Science & Society** is an online conference that provides scholars worldwide an opportunity to present their research and network with a broad scientific audience. Presenters and attendees simply connect to the live broadcast conference using links that will be distributed to all registered participants prior to the conference date.

Interested trainees are invited to submit Abstracts related to the topics indicated for either oral or poster presentation. Topics span from basic/fundamental research to translational work and population health.

**Abstract submission deadline: Nov 30, 2018**

### Keynote Speakers

**Eleanor M. Riley**

Director, Roslin Institute  
Edinburgh, Scotland

**Malaria and salmonella:  
it's a neutrophil problem**

**Stephanie Dougan**

Assistant Professor of  
Cancer Immunology and  
Virology, Dana-Farber  
Cancer Institute, USA

**Generating immunity to  
recalcitrant cancers**

**Thumbi Ndung'u**

Deputy Director, Africa Health  
Research Institute, Univ. of  
KwaZulu-Natal, South Africa

**Prospects and challenges of  
HIV functional cure following  
treatment of acute infection**

**Dana Philpott**

Professor, Dept. of Immunology,  
University of Toronto, Canada

**The gut microbiome regulates  
immunity**

**SAVE THE DATE** | BSI 4<sup>th</sup> International Remote Conference

Time: February 9-10, 2019

Dear Colleagues,

**Are you looking for a chance to present your work, network with new international colleagues, and bridge gaps in access to cutting-edge research?**

Beyond Sciences Initiative will be hosting a free online biomedical conference on **February 9-10th 2019**. Last year's conference featured over 500 participants from 53 countries around the globe presenting on topics ranging from infectious diseases to cancer biology. The deadline to submit an Abstract for a live, video or poster presentation is **November 30th 2018**.

Please see the attached poster for more details. You can also learn more about the conference format by checking out the video review of the 3rd annual conference at: <https://www.youtube.com/watch?v=s1WPV4E9gBQ>

Thank you!

BSI Conference Committee
